

ROBERT MANGALISO SOBUKWE HOSPITAL: DEPARTMENT OF ANAESTHESIA	
TITLE:	TOPICS FOR INTERN DISCUSSIONS IN THEATRE
Intern name:	

No.	Topic	Anaesthetist
1	Intubation – RSI, patient positioning, difficult intubation	
2	Tube placement confirmation	
3	Right mainstem bronchus intubation	
4	Temperature control	
5	Peripartum haemorrhage	
6	Pre-eclampsia/Eclampsia	
7	Obstetric anaesthesia	
8	High spinal vs aortocaval compression	
9	Cardiac reflexes – Baroreceptor, Bainbridge, Bezold-Jarisch, cardiac accelerator fibres	
10	Pressor agents	
11	Induction agents	
12	Neuromuscular paralysis	
13	Pulse oximetry	
14	Capnography patterns	
15	Arterial blood gas analysis	
16	Circle systems, low-flow anaesthesia, relevance of MAC, volatile kinetics	
17	Anaesthetic machine check; airway cart check	
18	Local anaesthetic toxicity	
19	Patient positioning	
20	Anaesthesia intra-operative monitoring	
21	Multimodal analgesia and post-operative monitoring	
22	Anti-emesis prophylaxis/ PONV	
23	Fluid administration	
24	Ventilator settings
